# PRACTICAL GUIDANCE ON HOW TO IMPLEMENT A PAT PROGRAM

INTRODUCTION	02
BACKGROUND	03
HOW PAT IS EVOLVING - THE AUTOMSOFT VIEW	04
IMPLEMENTATION METHODOLOGY	08
CONCLUSION	10

## **About Automsoft**

Automsoft is one of the world's premier providers of advanced data historian and process optimization solutions that enable powerful and secure high-speed data retrieval, vast storage capacity, complex analysis and sophisticated visualization. Founded in 1997, Automsoft has a global customer base of almost 2,000 installations across diverse industrial sectors including Power & Utilities, Renewable Energy, Maritime, Manufacturing, Life Sciences and Oil & Gas.

Today, Automsoft is at the cutting-edge of cleantech solution development enabling advanced meter data aggregation, smart grid integration and smart building management.

Automsoft has international offices in the US, Europe, Middle East & Asia. For more information, please visit <http://www.automsoft.com>.
